- **WHAT IS THE MACHINE?**

# Key Quote + Question

# Key Quote and Text-to-world Connection

"The plan is, by a combination of fighting, bargaining, and well-timed strokes of treachery, to **acquire a ring of bases completely encircling** one or other of the rival states, and then to sign a pact of friendship with that rival and remain on peaceful terms for so many years as to lull suspicion to sleep. During this time rockets loaded with atomic bombs can be assembled at all the strategic spots; finally they will all be fired simultaneously, with effects so devastating as to make retaliation impossible."
